Respected,
Donors

A PROPOSAL FOR MIANI TUITION CENTRE CHILDREN TO BUILD 2 TOILETS DURING TUITION HOURS (1 For Girls & 1 For Boys)

We feel great while writing this to you. It's been a great opportunity for us to thank you for all the love and concern you showed for our mission works in Sri Lanka looking after orphaned children, needy youth and reaching the poor people in the footsteps of Saint Jerome Emiliani. You have helped us in different ways financially and supported us to look after poor people here. I wish that we just keep in touch and our bond continues to grow. May God give you the best present of your life and you keep smiling.

But we must thank you for thinking of funding. Big thanks for you for all the help you have done through your friends. We are really excited with the prospect of doing this charitable act again. That's sharing!! The real St. Jerome's charism begins from helping the needy kids and establishing our Somascan spirituality which are under the care of Somascan Fathers in Sri Lanka.

If we don't get any help from you, we will be handicapped for our mission. For this we are really grateful and thank you so much for all the support you are doing for us.

To keep the relationship with the benefactors constantly, we will definitely do needful as per your request and we will collaborate in carrying out the work in accordance with the request made and subsequently, to provide you with the corresponding justification of the work performed (description of the work, photographs, report accompanied by invoices and letter of thanks). As per your request we will send it to the donor who will provide for the justification to the funding bodies.

As per our request we wish to write to you with a need. There is a need of building a toilet for tuition children who come for MIANI TUITION CENTRE. The teachers and children are finding difficulty to use wash rooms as they need to walk quite a lot. Actually, children need to walk quite long to go for wash rooms and the teachers who teach the children in the MIANI TUIOTION CENTRE also do not have wash room and teachers find difficulty. Therefore, I Rev. Fr. Prabhas request Donors to support us to build a toilet for Miani Tuition Centre.

THESE PICTURES WILL HELP YOU TO UNDERTAND MIANI TUITION CENTRE IN SRI LANKA.

Requesting Financial Assistance for a Toilet construction (Miani Tuition Centre)

1. The Proposing organization:

Somascan Fathers

2. Objective of the project:

The objective of the project is as follows:

- Ø To make use of the existing bare land from Miani Nagar to construct toilet for children and teachers.
- Ø To Give privacy to youths as well as teachers.
- Ø To help the children and teachers to avoid embarrassment using toilets in long walking distance and public hazards.

3. Duration of the project:

It is a short-term project. Initially the financial assistance is needed to start the work.

4. Organizational Details:

4.1 Name of the person responsible for the project:

Rev.Fr. Prabhas

4.2 Role of the Responsible Person in the Community of Belonging:

Administrator

4.3 Postal address and Telephone number:

Miani Tuition Centre, Miani Nagar, Trinco Road,Thannamunai,
Batticaloa Tel. No. : 0094775660747, Email: prabhas1612@gmail.com

5. Justification

Description/Report:

To provide a sustainable source of hygienic to improve health & giving orphans and poor children a better opportunity to achieve basic needs.

We in Miani Nagar, Somascan Fathers, have been thinking about this great difficulty of constructing toilet for our children and teachers, because of the enormous rise in the number of orphans and new admissions in the Miani Tuition Centre. All over Sri Lanka, the Financial Crisis and poverty are killing hundreds of thousands of adults. Every day, poverty also kills even more innocent civilians, leaving their children alone and destitute.

We can't begin to tell you what a desperate situation some of these children are in. It breaks our heart to see orphans as young as 10 years and above having to act as parents to their brothers and sisters. Many live in filthy conditions and scavenging for food and we ourselves in tuition centre do not have toilet for tuition children. I know how generously you support our life-saving work for those in need, and I can't thank you enough. Now, these children need our help. If possible, please make a donation of whatever you can afford, so we can do more to protect and care for the most vulnerable children of all.

We are asking you this as we are thinking particularly about children's basic needs. We are looking for Sponsors to install one toilet and one wash room to use by them during the tuition hours in Miani Tuition Centre in Batticaloa, Sri Lanka. We realize that

children at a young age need to be provided with a really nice sanitary and hygienic washroom & toilet that are important. We requested this project when we realized that putting up toilet would be the best way to ensure that children's homes have a guaranteed facility. We began our research by meeting some people who are experts in constructing the toilets. We wish to approach you to explain our difficulty of lacking toilet for children and teachers.

It is dedicated to caring children who would otherwise have health issues. The project provides them with the necessary health & hygiene.

6. Plan for the implementation of the project:

6.1 Proposed commencing date of the project 11.07.2023.

Stage	Duration	Work plan
Stage 1	1 Month	<ul style="list-style-type: none"> - Preparation for clearing land. - Construction of shelter / walls. - Electrical connection / water facilities. - Storage of sanitary items, septic tank, Pipe Line, Motor, Electrical Wirings, Labor Charges
